Personal Projects

DoneWithIt

- **Stack:** Nextjs, Typescript, Node, GraphQL, Apollo, PostgreSQL and Tailwindcss
- Full-stack web application (e-commerce) that allows users to list their unwanted or unused stuff (products) for selling.

Pingram

- **Stack:** Nextjs, Typescript, Node, GraphQL, Apollo, PostgreSQL and Tailwindcss
- Pingram is a social media application for sharing posts (images) with the community, I got inspired from Pinterest and Instagram

Instagram Clone

- **Stack:** ReactJs, Node, Express, Rest API, Redux, MongoDB, Styled-components
- Clone of Instagram with a nice design I found it on Behance
